26th March 2020

Dear Parents/Guardians

Hope you are all well. We are really pleased to see our students work well online. Thank you for all your support with this, we appreciate it is not an easy time.

Just a reminder for students who are set tasks to do on www.hegartymaths.com Students need to ensure that they use the video facility to help with their learning and must watch the video first before attempting the tasks. We are finding that many students are completing the tasks without watching the video's first. This is having an impact on their scores, with many students getting below 100%. We would expect students that get below 100% to have at least one more attempt.

Over the coming weeks, your child will be set new curriculum topics so it is vital that they give themselves the best chance to fully understand this.

Can I remind you that www.hegartymaths.com has the facility for students to ask their maths teacher's support on any questions that they need help with. Please encourage your child to use this to get in touch with their teacher if they are struggling.

If you have any general maths related queries please contact me carl.atherton@wvacademy.org

Yours

Carl Atherton
Head of Maths
Wreake Valley Academy & Bradgate Sixth Form
