23rd January 2022

Dear Parents & Carers

We have been notified by a number of staff at each of our secondary schools; Wreake Valley Academy and The Roundhill Academy, that they have tested positive on their Lateral Flow Tests, in addition we also have staff who are still isolating from previous tests. Therefore, it will be necessary for Year 10 students at both schools to work remotely tomorrow (Monday 24th January). Work will be set by subject teachers and uploaded to Show My HomeWork (Satchel one).

Year 10 will only be out for tomorrow and back in school on Tuesday 25th January however, it may be necessary to have a different year group out on specific days this week. We will minimise the time any year group works remotely as much as we possibly can. We will confirm arrangements for the following day by 4pm on each day this week.

We apologise for the inconvenience this causes.

Thank you as ever for your continuing support.

Kind regards

Tim Marston
