How can I help my child to be successful?

- Talk to your child about how they're finding school. What are they doing well at? What do they enjoy?
- Ask your young person what homework needs to be completed and when it is due.
- Encourage your young person to make healthy choices for their diet and sleep routine so they are on time everyday.
- Make sure your young person has the right school equipment everyday. This includes a blue/black pen, pencil, ruler, scientific calculator and a pink pen for improvements.
