

POST RESULT SERVICES – SUMMER 2026

If you are unhappy about an exam result you may want to consider accessing your script and then/or a review of your results.

Accessing your script. You can request a photocopy or original script, which allows you to see your exam paper so that you can decide if you want to request a review of your results. We are not permitted to email this information and it must be collected, by the student in person, from the main school reception.

A **clerical recheck** allows you to see that the exam paper has been marked, that the awarded marks have been totalled and recorded correctly.

A **review of marking** ensures that the agreed mark scheme has been applied correctly, that an admin error hasn't occurred, and that an unreasonable exercise of academic judgement hasn't occurred. The script will not be remarked and only errors identified in the original marking will be corrected.

Consent is required for all of these services and students who choose the clerical recheck or review of marking, need to be aware that marks can go **up, down or remain the same.**

To help you decide, please look at the information in the table below:
